SCI 2024 Annual Awards applications are now open!

The 2024 Annual Awards Program highlights sister city program achievements and brings international recognition to each community's contributions to the citizen diplomacy movement. Sister Cities International established the Annual Awards Program in 1962 to recognize exceptional sister city programs. Current dues-paying members of Sister Cities International with at least one formally recognized sister city partnership are invited to apply for awards. The awards will recognize achievements by sister city programs in 2023.

Winners will be announced during the Annual Awards Gala, which will take place in person on Wednesday, July 17, 2024, in Tacoma, Washington, as part of our Summer Leadership Meetings. Winners are highlighted on Sister Cities International's website, social media network, and in national and regional press.
